

Cheat-sheet - Concepts outlined in this tutorial

Cheat Sheet - Concepts Outlined in this Tutorial

Method

To help you get started with web service, here's a little memo of techniques used in this tutorial.

				Method parameters			
	REST	Method		url	resource	id	xml
C	POST	add		X	X		X
R	GET	get		X	X	X	
U	UPDATE	edit		X	X	X	X
D	DELETE	delete		X	X	X	

If the URL parameter is specified, no other setting can be used and vice versa.
