

Zones (EN)

Zones

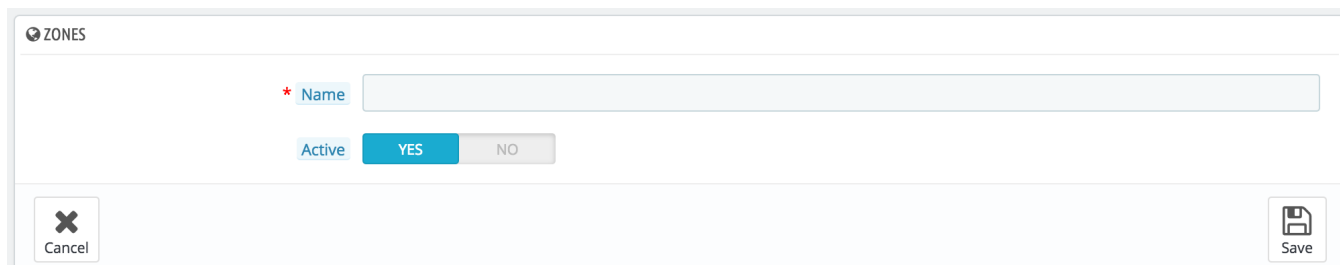

PrestaShop's zones are a list of the world's subregions (<http://en.wikipedia.org/wiki/Subregion>). It helps categorize countries.

The screenshot shows the 'ZONES' management interface in PrestaShop. At the top, there is a header 'ZONES 8' with a search icon and a refresh icon. Below the header, there are columns for 'ID', 'Zone', and 'Enabled'. A search bar is located on the right side of the table. The table contains 8 rows of zones, each with a checkbox, an ID, a name, an 'Enabled' status (indicated by a green checkmark), and an 'Ed' (edit) icon. At the bottom left, there is a 'Bulk actions' dropdown menu.

ID	Zone	Enabled	
1	Europe	✓	Ed
2	North America	✓	Ed
3	Asia	✓	Ed
4	Africa	✓	Ed
5	Oceania	✓	Ed
6	South America	✓	Ed
7	Europe (non-EU)	✓	Ed
8	Central America/Antilla	✓	Ed

If needed, you can create more zones: click on "Add new zone" to display the creation form.

The screenshot shows the 'Add new zone' form in PrestaShop. It features a 'Name' field with a red asterisk indicating it is required. Below the name field, there is an 'Active' section with two radio buttons: 'YES' (selected) and 'NO'. At the bottom left, there is a 'Cancel' button with a close icon. At the bottom right, there is a 'Save' button with a save icon.

All you need is a name and a status, for instance indicating that you do not allow deliveries in Oceania.

When in multistore mode, you can also associate a zone with a selection of stores.
