

Zones

Zones

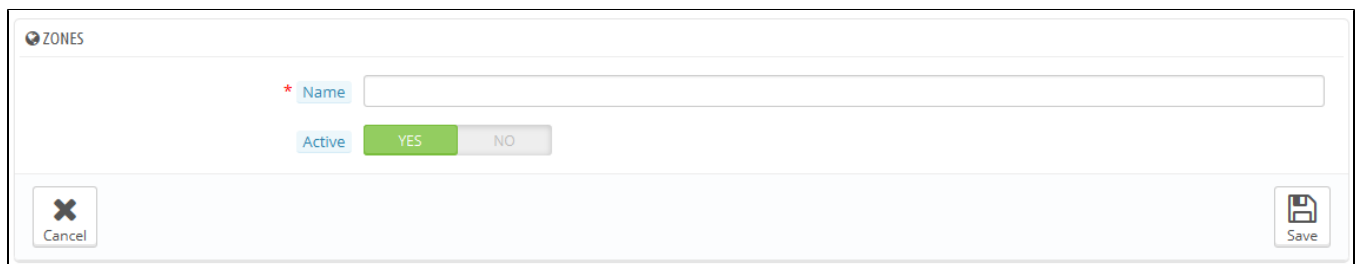

PrestaShop's zones are a list of the world's subregions (<http://en.wikipedia.org/wiki/Subregion>). It helps categorize countries.

The screenshot shows the 'ZONES' management interface in PrestaShop. At the top, it indicates there are 8 zones. Below this is a table with columns for 'ID', 'Zone', and 'Enabled'. Each row represents a zone and includes an 'Edit' button. A 'Bulk actions' dropdown is located at the bottom left of the table.

| ID | Zone | Enabled | Action |
|----|-------------------------|---------|--------|
| 1 | Europe | ✓ | Edit |
| 2 | North America | ✓ | Edit |
| 3 | Asia | ✓ | Edit |
| 4 | Africa | ✓ | Edit |
| 5 | Oceania | ✓ | Edit |
| 6 | South America | ✓ | Edit |
| 7 | Europe (non-EU) | ✓ | Edit |
| 8 | Central America/Antilla | ✓ | Edit |

If needed, you can create more zones: click on "Add New" to display the creation form.

The screenshot shows the 'Add New Zone' form. It features a text input field for the 'Name' (marked with a red asterisk), a radio button for 'Active' with 'YES' and 'NO' options, and 'Cancel' and 'Save' buttons at the bottom.

All you need is a name and a status, for instance indicating that you do not allow deliveries in Oceania. When in multistore mode, you can also associate a zone with a selection of stores.
