

Managing Stock

- [Stock overview](#)
- [Stock Movements](#)

You can manage your stock in your shop using the "Stock" page, in the "Catalog" menu. No set-up is required to activate stock management.

The stock management page consists of two tabs: "Stock" and "Movements".

By default, when you open the stock management page, the "Stock" tab is the opened tab. Inside this tab, you can have an overview of the stock of products in your catalog and manage their quantities. The "Movements" tab gives you an history of all the changes in quantities.

The screenshot displays the PrestaShop dashboard interface. On the left is a dark sidebar menu with categories: Dashboard, SELL (Orders, Catalog, Customers, Customer Service, Stats), IMPROVE (Modules, Design, Shipping, Payment, International), and CONFIGURE (Shop Parameters, Advanced Parameters). The main content area is titled 'Dashboard' and includes a search bar, 'Quick Access' dropdown, and 'PrestaShop 1.7.2.0' version info. Below the title are filters for 'Day', 'Month' (selected), 'Year', 'Day-1', 'Month-1', and 'Year-1', along with a date range selector 'From 2017-06-06 To 2017-07-06'. The dashboard is divided into three main sections: 1. 'ACTIVITY OVERVIEW' showing 'Online Visitors' (0) and 'Active Shopping Carts' (5) in the last 30 minutes, with a sub-section for 'Currently Pending' including 'Orders' (0), 'Return/Exchanges' (0), 'Abandoned Carts' (0), and 'Out of Stock Products' (6). 2. 'DASHBOARD' with a table of key metrics: Sales (£0.00 Tax excl.), Orders (0), Cart Value (£0.00 Tax excl.), Visits (1), Conversion Rate (0%), and Net Profit (£0.00 Tax excl.). Below the table is a line chart for 'Sales' with a y-axis from 0 to 1 and a single data point at 0. 3. 'PRESTASHOP NEWS' featuring an article titled 'Timeline and tips for creating effective promotions on PrestaShop' dated 06/19/2017, and a bio for 'Meet Claudia, Ambassador of the month | June 2017'.
